

## SEMI SERIES OVERWRAPPER

The SEMI 10 is a semi automatic overwrapping machine work with sheet film.

It's single phase electrics, simple operation and low cost, especially designed for small batches with limited investment.

Benefit from the EASY-TO-USE feature, SEMI 10 does not require advanced technical knowledge to operate, it offers a "plug and play" use experience.

Model	SEMI 10	
Capacity	5-10 packs/min	
Packing Size	L: 50-250mm W: 40-150mm H: 25-90mm*	
Voltage	220 V 60HZ	
Consumption	1.5kw	
Compressed air	0.4 Mpa	

\*Modifications in one dimension may limit the size range in the other dimensions or affect the machine capacity.

### Standard fitments include:

- \* Mannule Trailing edge sealing
- \* Automatic Folding and Sealing
- \* Pneumatic auxiliary system
- \* Standard side-seal
- \* Large pack size range
- \* Fast format changeover
- \* High reliable mechanical driven system

*Cosmetic quality SPOT/BAR side seal*

### Optional fitments include:

- \* Cosmetic quality SPOT/BAR side-seal
